CAPPING SET

Code : B015

- Comprises a melting pot and a capping apparatus.
- The melting pot is designed to melt capping compounds and features an adjustable temperature control via a thermoregulator.
- A built-in pilot lamp indicates the heating status.
- The pot is constructed with a double-walled frame for enhanced durability and insulation.

STANDARDS

ASTM C31 • ASTM C192 • EN 12390-3 • AASHTO T23

SUPPLIED WITH

- Capping apparatus (Used for Ø 100 mm and Ø 150 mm cylinders)

TECHNICAL SPECIFICATIONS

- Melting pot (4.5 lt):
  - Thermostatically Controlled
  - Insulated double-wall
- 220 - 240 V / 50 - 60 Hz

ORDERING INFORMATION

Item Name	Item Code
CAPPING FRAME (for Ø 100 mm and Ø 150 mm)	B015P001H
MELTING POT - 5 lt	B015P002U
MELTING POT - 10 lt	B015P003U
CAPPING FRAME (for Ø 110 mm and Ø 160 mm)	B015P004H
CAPPING MOULD (for Ø 75 mm)	B015P005H
CAPPING FRAME (for 150x150 mm Cube)	B015P006H
CYLINDER CAPPING SET	B015X00XU
