LAB TOOLS > LAB TOOLS

SCOOP

Code : G703

- Scoops in engineering testing laboratories are used for handling, transferring, and mixing soil, aggregates, and other materials. They help ensure accurate sample collection and preparation, minimize contamination, and improve efficiency during testing procedures.

ORDERING INFORMATION

Item Name	Item Code
SCOOP - Small	G703X001H
SCOOP - Medium	G703X002H
SCOOP - Large	G703X003H
SCOOP - X Large	G703X004H
